

Project Demo Planning

Date	28 September 2026
Team ID	SWITD-2026-6259
Project Name	AI StudyBuddy API
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce LearnMate and explain the challenges students face while managing study materials and revision.	2	Team Member 1
2	Solution Overview	Explain how LearnMate uses AI to generate summaries, flashcards, quizzes, and personalized study plans	2	Team Member 2
3	Live Feature Demonstration	Demonstrate user login, study material upload, AI summary, flashcard, quiz, and study plan generation.	5	Team Member 3
4	Backend & Database	Explain the Node.js, Express.js, MongoDB, JWT authentication, and Gemini AI integration.	3	Team Member 4
5	API Testing & Results	Demonstrate the REST APIs using Postman and show the generated responses.	3	Team Member 5
6	Conclusion & Q&A	Summarize the project outcomes and answer questions from the evaluators.	2	Team Member 1

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the difficulties students face in organizing and revising study materials.
2	Solution Overview	Present LearnMate as an AI-powered platform for personalized learning support.
3	Live Feature Demonstration	Show login, material upload, summary, flashcards, quiz, and st
4	Q&A Session	Answer questions and clarify the project features and technologies.
